**AHMAD AL RASHED AL HUMAID – Consulting Engineers, (ARH)** is one of the nation's leading A/E firms specializing in planning and design of different types of construction works. **ARH** was established in 1978.

**Ahmad Al Rashed Al Humaid**

The firm H.Q. is located in Riyadh, K.S.A. employing a multinational team of professionals whose expertise covers a multitude of engineering fields. **ARH** is an autonomous full service operator, organized to provide professional engineering services within the Kingdom, Middle East and Worldwide, undertaking variety of work in several countries such as Kazakhstan, Yemen, Tajikistan, Hong Kong, Bahrain, Spain, Sweden, Switzerland, Djibouti, Guinea, Burkina Faso, Eritrea.

**ARH** contributes to all phases of facility development and use. Starting with programming, planning and designing up to supervision stage during the construction of the project. Basic Architectural, Structural, Mechanical and Electrical Engineering services are complemented by the office's architects and engineers and facility management divisions, which provide Architectural Design and Urban Studies, Interior Design and Decoration, Landscaping Design, Structural Design Study, Electrical Design Study, Mechanical Design Study, Roads and Highway Design Studies.

**ARH** is committed to design engineering systems that meet today's requirements while providing flexibility to accommodate the future technology. **ARH** had made collaboration with international firms to enhance its professional services, up-grade staff skills, performance and quality.
